

Security Policies - **Qubik Digital**

Founded in 2009, at Qubik Digital, we focus on providing flexible software development solutions and strategies with a focus on E-Commerce and CRM. We believe that the success of the solutions we provide to our clients translates into the success of the company.

Our dedication to quality is reflected in our ISO9001 Certification, supporting our commitment to operational excellence and continuous improvement. Our philosophy is based on the following fundamental principles:

Commitment to Quality: Continuously implement and improve our Quality Management System processes to ensure compliance with all relevant legal requirements. We strive to provide products and services of excellence.

Transparent Communication: We maintain open and transparent communication with our clients. We aim to establish mutually beneficial relationships and make every effort to meet or exceed their expectations and needs.

Organizational Culture: We foster an organizational culture that prioritizes planning, integration, and the quality of life of our employees. We continually train and motivate them to promote the development of their skills and enhance their abilities, aiming for better growth.

Commitment to Quality and Security: At Qubik Digital, we are committed not only to the quality of our products and services but also to information security. We implement robust security and data management practices to protect both our own assets and the confidential information of our clients. We are dedicated to maintaining a secure environment in which data confidentiality, integrity, and availability are guaranteed at all times.

Confidentiality, in addition to being one of our core values, has become ingrained in the DNA of our organization. Having the ISO9001 Certification has become a significant differentiator for Qubik Digital, our partners, clients, and users. This is the beginning of a journey to continue providing greater security and trust day by day to those who continue to choose us.
